THE Box of Curios gives the following particulars about the rough trip the S. B. China Directions for ase are given on the label. had on her last voyage :- About noon of Oct. 2nd she struck a perfect hurrisane. which lasted until the evening of the 3rd. The front rail on the promenade deck was carried away for some 12 feet, one lifeboat was amashed, settees carried away from the fastenings, the piano torn from the sockets, and a general knocking around of things in general. The steerage nightwatch-man was thrown down on the main deck and had his leg broken, and the butober was badly broised. To give an idea of the force of the sea, we would state that the 1st and 2nd officers were on the bridge and a sea struck them knocking them down, and bent the iron rail. The passengers say they cannot speak too highly of the noble ship, or of Captain Seabury and

THE tenders for the construction of the Nagara-Rajasams Line of the Royal Siamese State Railways were opened by the Director-General of the Department on Thursday 15th inst at the Sararom Palace. Two tenders only had been submitted up to neon; one from Mesera Murray, Camp bell & Co., Railway Confractors of Singpore, and the other from Mr Lens the re-The former who, we understand, are very strongly supported by Messra Jardise, Matheson & Co., offer to take over the phobe paper, and its statements about contract, subject to certain modifications already agreed upon, at about 10,000,000 Ticals, i.e. nearly one millions sterling, or nearly 24 million of Teals less than the offer made by the German syndicate, who tendered for some 12,200,000 Ticols. This tion in Europe.

lost all their effects.

SUPREME COURT. IN ORIGINAL JURISDICTION. (Before Sir James Russell, Chief Justice.) Tuesday, October 28.

THE MANUA SPEAMSHIP CO. LTD. U. NO

In this case the plaintiff company seeks to recover the sum of \$46,134 from the dofendant and also to obtain an account from China, but the following from a him or his agents as freights due to the

Mr. Leach, instructed by Mesars Wotton and Descon, appeared for the plaintiff company, and Mr Francis, Q.C., instructed by company, handed the defendant from time \$46,000, which had been collected by him The defendant up to 14th June last was compradore to Messre Russell & Co., and was employed by them and on their behalf alone. He collected large sums of money on behalf

of the plaintiff company which he had duly paid over to Russell and Co. MrLeach said that although the main facts of the petition were denied in that the defen-& Co.'s compradore he had the additional favorable responses. duty imposed upon him as part of his work to collect freights on behalf of the plaintiff company. There was no direct appointment by the plaintiff company and there was no direct remuneration made payable to him. His remuneration as compradore to Russell & Co. was of a nominal nature, being only some \$750 a year, but indirectly him to be sent back to China, under the

he got several benefits. His Lordship-As all compradores do. fendant in the course of the business return to the countr, whence he had come. | American invention known as Snyder's diplomatic reasons no official obstaclo is he transacted for the plaintiff company also On this plea he carried the case to the dynamite invention.' The imperative He took occasion to tell the General that Italy. But as long as I have not the cere- Jerim, are in possession of the insurgents.

London, Oct. 1.-There is a curious mixture of pity and contempt in the articles in the London papers on Boulanger. The Pall Mall Gazette in a leader with the heading 'A Good End,' remarks that Boulanger has at last pleased every party. Of course it was very wrong of the General.

The St. James' Gazette says Boulanger, made life impossible. Unlike Blamsceds

The Star remarks that only one more

The Globe draws a comparison between tendants were quickly on the scene, Boulanger and Balmaceda, greatly to the attracted by the shot, and then the body advantage of the Chillan dictator. The Rochefort departed this morning for that

MADAME BOULANGER.

Paris, Oct. 1. - Madame Boulanger, the widow of General Boulanger, residing at Versailles, on being informed of the tragic death of her husband at Brussels yesterday, fainted, and since then she has been in a state of the deepest dejection and is apparently overcome with grief. Boulanger

will be buried on Saturday afternoon. London, 3rd October. -The funeral of the late General Boulanger was witnessed visited the house of mourning. It is by fully 10,000 people. High prices were easily obtained for places from which the procession could be advantageously witnessed. The crowd resembled nothing so friendship, which it furnishes, as well as the much as the throngs which gathered in contrast between the General's brilliant Paris when there was to be a guillotining. former career and his sad and, have softened The people chatted gaily, joking freely

SOIENTIFIC NOTES.

Edison is inventing an apparatus to melt

A waterproof paper has lately been invented that will even stand boiling. The practice of 'cold sawing' of steel and iron is being generally adopted.

Washing old silk in beer is said to give it a lustre almost equal to that possessed

An Englishman has invented a concave paddle-wheel, which is said to do away with feathering, thus saving fuel and machinery.

Electrical science has made a greater advance in the last twenty years than in all the 600 historic years preceding. At Youngstown, Ohio, people have talked plainly through the body of the telephone

manager, he holding the ends of a cut wire at arm's length. Recent experiments show that if the tassels are removed from growing corn before

pollen is formed a much larger amount of grain will be produced. Scientific men rely almost entirely upon

Dentists find that the electric light is parform of decay known as white caries, which is ordinarily difficult of detection.

A new food substance made by extractingthe embryos of the wheat grain is said to contain twice as large a proportion of nitrogen as meat. It is called fromentine.

A Frenchman has invented an improved Roman Catholic Archbishop of Malines, method of telegraphy, so that it is practic-Belgium, has refused to authorise the able to transmit 150 words per minute on a

Lord Salisbury is quite a distinguished savant as well as a renowned stateman. Paris, Oct. 1. - The following article In a recent lecture before the Chemical Society of London, he said : Astronomy is. in a great measure, the science of things as things as they probably were, chemistry is the science of things as they are at present." To these adds the Electrical Engineer. electricity is the science of thiom as they

probably will be. Now that the cost of aluminium has been reduced to 60 cents per pound, it is likely to come into practical use for many purposes. At the Washington Convention of the Science Association Professor Stringer read a paper relative to his discovery of the qualities of aluminium as a conveyor of sound. In the construction of soundingboards for musical instruments it will be invaluable, as it is free from all the objec-
